PROFESSIONAL SUMMARY

Aspiring Data Analyst with hands-on training and project experience in SQL, Advanced Excel, Power BI, data cleaning, data transformation, data analysis, data visualization, dashboard development, and data modeling. Skilled in using SQL for data analysis through JOINS, GROUP BY, CASE statements, aggregate functions, and triggers. Experienced in developing interactive Excel dashboards and working with Power Query for data cleaning and transformation. Seeking an entry-level Data Analyst opportunity to apply analytical, problem-solving, and reporting skills to support data-driven business decisions.

TECHNICAL SKILLS

- | | | |
|--|--|---|
| • Microsoft Excel: Advanced Excel, Pivot Tables, VLOOKUP, XLOOKUP, Excel Functions, Data Validation, Charts, Dashboards | • SQL: JOINS, GROUP BY, CASE Statements, Aggregate Functions, Triggers, SQL Querying | • Power BI: Dashboard Development, Basic DAX, Data Modeling, Relationships |
| • Power Query: Data Cleaning, Data Transformation, Query Editing | • Data Analytics: Data Cleaning, Data Transformation, Data Analysis, Data Visualization, KPI Tracking | • Python: Loops, Functions & Modules, Database Connectivity, GUI development |
| | | • Tableau: Basic Charts, Dashboard Creation |

CERTIFICATIONS

Data Analytics – Advanced Excel & SQL | Power BI | Besant Technologies, Chennai - 2025

- Completed hands-on training in Advanced Excel, SQL, Power BI, data analysis, data visualization, and dashboard development.
- Gained practical exposure to data cleaning, transformation, business analytics, performance tracking, and data-driven decision support.
- Completed analytical projects simulating real-world business reporting requirements.

PROJECTS

Loan Management System - SQL Project

[Link - Loan management system](#) 

- Developed a SQL-based Loan Management System using JOINS, CASE statements, and aggregate functions for structured loan data analysis.
- Analyzed monthly and annual loan amounts using GROUP BY and conditional logic.
- Tracked loan status through SQL-based analysis and reporting.
- Implemented SQL triggers to automate data integrity and maintain consistency across loan records.

Quality Tracking & Manufacturing - MS EXCEL Project

[Link - QA track & manufacturing project](#) 

- Developed an interactive Excel dashboard to monitor production performance, defect rates, and quality KPIs.
- Used Pivot Tables and dynamic charts to analyze and visualize manufacturing performance.
- Applied data cleaning and structured data handling techniques to improve reporting workflows.
- Automated report-generation activities to support production monitoring and data-driven decision-making.

EDUCATION & QUALIFICATIONS

Graduated with a Bachelor of Commerce (B.Com) :

2021 - 2024

Bachelor of Commerce (B.Com) Sree Sastha Arts and Science College, Chennai

Completed Higher Secondary Education (Commerce) :

2020 - 2021

Higher Secondary Education (Commerce) God Son Matriculation Higher Secondary School, Chennai
